

## New Brand Sparks New More Interactive Website

Following the launch of our new Pioneers brand earlier this year, Pioneers Headquarters began developing the technology to help make learning about our mission, joining Pioneers, and finding volunteer opportunities more dynamic and inspiring. Our newly designed Pioneers website, [www.pioneersvolunteer.org](http://www.pioneersvolunteer.org) was launched this summer.

The new website better supports the organization's mission. It features an enhanced ability to search for local volunteer opportunities through the Pioneers Alliance Linkage System (PALS).

Pioneers Essentials, our new online store, offers Pioneers branded merchandise like T-shirts and caps, as well as materials to support your Pioneers projects and membership recruitment.

Our new site has been designed to be functional, intuitive and easy-to-use.

In our Member Center, Pioneers unit leaders will find the tools and resources they need to conduct Pioneers business easily and efficiently. Members can access their member benefits, read the PioneersPress online, and easily search P4, the Pioneers Projects and Programs Periodical, to find innovative ideas. Non-Member visitors can discover who we are and learn about what we do. Anyone who visits can make a secure donation online to support our work.

The launch of our new site using our new 'spark' brand, provides enhanced tools and opportunities for current members and improves our ability to recruit new Pioneers to help us carry on our legacy.

# letter from the chairman

Dear Fellow Pioneer,

Our new brand is an important part of attracting future Pioneers to carry forward our important legacy. At the heart of our new 'spark' logo is the Pioneers triangle. It signifies that while our look has evolved and changed, the traditional values on which we were founded are at the core of everything we do.

We remain an organization rooted in legacy, focused on future growth, united in our reason for being, making a real difference through our grassroots volunteerism. And stories of Pioneers exemplifying these values and commitment abound.

- A soldier overseas receives a care package lovingly prepared by a Pioneer. That soldier is reminded in a time when it means the most, that he is not forgotten by those who miss and appreciate him at home.
- A family devastated by natural disaster is given the essentials needed to recover by their local Pioneers chapter.
- A young child struggles to build the skills she needs to succeed. A Pioneer reaches out to tutor her and ensure her future success.

Thank you long-standing and new Pioneers for your dedication to building the Pioneers' legacy through your commitment of time and talents. Your volunteer efforts and participation in the Pioneers organization truly change the world.

As a Pioneer you play a part in creating positive change in a time in history when it is needed the most. Because of your compassion and hard work we will continue to take on new challenges and positively impact the growing needs of our hometowns.

I thank and honor you for all you have done and all you will do for others in the name of Pioneering.

Sincerely,

David Nichols  
Chairman, Pioneers

# fundraising update

## Invest in the Future of Pioneering

Your support makes it possible for us to continue our good work. When you donate to the Pioneers, you support the work of our more than 620,000 volunteers who share their time to make our world a better place.

We promise that your hard-earned dollars will be put to work changing the lives of others. In fact, when you support fundraising campaigns like our annual Pioneers Calendar, 70% of the net proceeds are distributed back to our Pioneers chapters.

There are lots of ways to support the Pioneers! Become a part of our President's Circle by making a gift of \$100 or more. President's Circle donors show their commitment to the future of Pioneering through their exceptional generosity. Pioneers President, Marty Lee, recognizes Circle supporters with specialized communications throughout the year.

Pioneer Champions, our automatic giving program provides Pioneers, their friends and family, and the public with an opportunity to support and sustain their local Pioneers by making regular monthly or quarterly gifts. Recurring donations are made automatically by credit card or electronic funds transfer (EFT) from a bank account.

The Pioneers' Special Occasion Giving program enables you to make a financial contribution even more meaningful through commemorative and memorial gifts.

Our newly designed website --- [www.pioneersvolunteer.org](http://www.pioneersvolunteer.org) --- provides a safe, secure way to support the Pioneers anytime. Your gift truly helps us grow. The stronger we become, the stronger the communities we serve will be!

## Pioneering Opportunities for Future Growth

A study of existing and prospective Pioneers led by an independent research firm found that Pioneers today are particularly interested in "one-shot deals" for volunteering. Their ideal volunteer project would take place on the weekend and allow family members and friends to participate, too. Helping others and feeling like they are part of a community is important to today's volunteers as well.

Pioneers Headquarters listened to what members and prospective members had to say and a series of pilot projects that meet these criteria will be launched in the fourth quarter of 2009 to help us grow our ranks.

Participating chapters will spark change in their communities through programs that provide books for children in need, support soldiers and their families, and promote community clean-ups and environmental awareness. Not all projects are new, but the way they're being implemented will help ensure that loyal volunteers are engaged, new members are recruited, and the corporate social responsibility objectives of our sponsor companies are met.

Our goal is organizational growth! Visit [www.pioneersvolunteer.org](http://www.pioneersvolunteer.org) for updates and more information on pilot projects.

# pioneers leadership insight

Dear Fellow Pioneer,

As President of Pioneers, I've had the great fortune of being a part of many new opportunities designed to help Pioneers grow and flourish, and attract interest from the next generation of Pioneers. Our new brand, website and project pilots you will read about in this issue of the *PioneersPress* are just a few of the new initiatives from Pioneers Headquarters.

I have also had the great fortune of meeting, speaking with and volunteering alongside many of our Pioneers members. I am always struck by each of our members genuine and heartfelt dedication to giving their time, talents and efforts for the good of their community. This generosity of spirit truly embodies what Pioneering is all about and inspires me daily.

While we strive to be appealing to all generations, our traditional values will always remain.

Thank you for being an active part of our important legacy.

Yours in Pioneering,

Marty Lee  
President, Pioneers

## Pioneers, One Mission Many Ways to Make a Difference

While connected by a singular mission, our members make a difference in a myriad of ways. Our 2009 Pioneers Awards winners are great examples of this.

Having witnessed her own son benefit from the Junior Achievement program, Cathy Kelley, of the Mobile Council of the AT&T Alabama Chapter Pioneers took a lead role in encouraging Pioneers to get involved as instructors inspiring more than 40 Alabama Pioneers to engage in teaching over the past 18 years.

Fred Hampton of the New Mexico Club of the AT&T Pioneers Mexico Chapter has made a difference in the lives of those in need from playing Santa Claus during the holidays at three hospitals, the Ronald McDonald House and the Blood Bank to personally delivered nearly 400 Junior Achievement program to initiating five scout units at three Navajo Indian schools on the Eastern Reservation.

Karee Craig of the Lewis and Clark Council of the AT&T Pioneers Missouri Chapter has always taken a hands-on approach as the Junior Achievement company coordinator for the Greater Kansas City Metropolitan area, American Heart Walk project leader, and Operation Blessing Food Distribution project leader, just to name a few recruiting 40 to 50 Pioneers to volunteer for each of these worthy projects.

As Project Manager for Computers for Schools for the past 15 years, Guy Gallant of the Chaleur Council of Bell Aliant Pioneers New Brunswick Chapter mentored an at-risk high school student at the computer workshop. Shortly after, the students school counselor reports that he is doing well in school and wants to continue volunteering with the Pioneers!

So many ways to Pioneer - all make a difference. To find ways to get involved in your community, visit [www.pioneersvolunteer.org/volunteer/default.aspx](http://www.pioneersvolunteer.org/volunteer/default.aspx).
